VELA è una ditta 100% italiana, giovane e dinamica, che in pochi anni ha saputo affermarsi nel mercato contract a livello internazionale.

Grazie alla gestione diretta dell'intera filiera produttiva (dalla fase di progettazione allo sviluppo, dalla fusione del prodotto grezzo all'assistenza al cliente), VELA è in grado di offrire tavoli, sgabelli, complementi, ecc. che uniscono il massimo della funzionalità con il meglio del design italiano.

...e proprio questi sono i principali punti di forza di essere una realtà versatile che realizza internamente i propri articoli:

- Una totale personalizzazione del prodotto (con colori e dimensioni anche su misura)
- Tempi di consegna di due/tre settimane da ordine
- Assenza di quantità minime richieste
- Prezzi estremamente concorrenziali senza compromessi sulla qualità

VELA è un'azienda con una mente e uno spirito internazionali ma con un cuore emiliano e in particolare modenese... e proprio per dare seguito al proprio attaccamento alla terra in cui ha sede, ha voluto intraprendere un nuovo percorso sportivo insieme al Modena Calcio FC, la squadra di calcio della sua città, che milita nella Serie B italiana.

Tale partnership ha dato l'opportunità a VELA di arredare con i propri prodotti parte dell'area ristorante, del parterre e della tribuna d'onore dello Stadio Braglia di Modena.

VELA is a young dynamic 100% Italian company that within a few years has managed to establish itself in the contract market on an international scale.

Thanks to the direct management of the entire production process (from planning to casting, through to customer care), VELA is able to offer tables, bar stools and furniture which combine the maximum functionality with the best of Italian design.

...and these are the main strengths of an enterprise that produces its articles in-house:

- A complete customization of the product (with tailor-made sizes and colors)
- Delivery time in 2-3 weeks from the order
- No minimum order quantity
- Extremely competitive prices without compromising quality

VELA is a company with international mind and spirit but also with an Emilian and specifically Modenese heart...and to consolidate the sense of belonging to the land where is located, it has undertaken a new path in the sport sector with Modena Football Club, the football team of the city, which plays in Serie B.

This collaboration gave VELA the chance to furnish with its products part of the restaurant, of the concourse and of the VIP Stand of the Alberto Braglia Stadium.

VELA est une entreprise 100% italienne, jeune et dynamique qui en quelques années a réussi à s'établir dans le marché contract au niveau international.

Grâce à la gestion directe complète du processus de production (de la conception au moulage, jusqu'au service clientèle) VELA est capable d'offrir tables, tabourets et meubles qui mélangent une fonctionnalité maximale, au meilleur du design italien.

...et ce sont les points forts d'une entreprise qui produit ses articles en interne :

- Une totale personnalisation du produit (avec couleurs et dimensions sur mesure)
- Délais de livraison de 2-3 semaines à compter de la commande
- Aucune quantité minimale requise
- Prix extrêmement compétitifs sans compromettre la qualité

VELA est une entreprise d'esprit international mais aussi Modènese de cœur ...et, pour consolider l'attachement à la terre où se situe, elle s'est investie dans le secteur sportif avec le Modène Football Club, le club de football de la ville, qui évolue en Serie B.

Cette collaboration a donné à VELA la chance de meubler avec ses produits une partie du restaurant, du parterre et de la tribune d'honneur du Stade Alberto-Braglia.

VELA es una empresa 100% italiana, joven y dinámica que en unos pocos años ha conseguido imponerse internacionalmente en el mercado del contract.

Gracias a la gestión directa del entero proceso de producción (de la planificación a la fundición, hasta la atención al cliente) VELA es capaz de ofrecer mesas, taburetes y muebles que mezclan la máxima funcionalidad con lo mejor del estilo italiano.

...y estos son los puntos fuertes de una empresa que realiza internamente sus productos:

- Una total personalización del producto (con colores y tamaños a medida)
- Plazos de entrega de 2-3 semanas a partir de la orden de pedido
- Ninguna cantidad mínima de pedido
- Precios extremadamente competitivos sin comprometer la calidad

VELA es una empresa de mente y espíritu internacionales pero también de un corazón modenés...y es exactamente para consolidar el apego a la tierra donde se sitúa que ha emprendido un camino adentro del sector deportivo junto con Modena Football Club, el club de fútbol de la ciudad, que juega en la segunda división.

Esta colaboración ha dado la oportunidad a VELA de amueblar con sus productos parte del restaurante, del parterre y de la tribuna de autoridades del Estadio Alberto Braglia.

Caratteristiche tecniche:

- Base in ghisa e in ferro:** Fusioni in ghisa sabbiata e sbavata
Base in ferro spessore 8 e/o 10 mm, tagliata a laser ad alta definizione.
Le basi in ferro possono essere prodotte in forme e geometrie diverse, su specifica richiesta e disegno tecnico del cliente.
- Coperture:** Ferro cromato e dorato (24 kt)
Acciaio inox lucido o satinato
Alluminio anodizzato, lucido o satinato
- Caratteristiche comuni:** Verniciatura in polvere epossidica trattata ad alta temperatura.
Tutte le basi vengono forniti con piedini regolabili.
Le colonne possono essere fornite nelle seguenti finiture:
- ferro verniciato
- ferro cromato
- ferro dorato (24 kt)
- acciaio inox lucido o satinato
- legno di faggio e rovere massello
- ghisa
- alluminio
L'assemblaggio dei vari componenti avviene tramite una barra filettata in acciaio e kit di montaggio.
- Imballo e spedizione:** Le basi vengono consegnate smontate, imballate singolarmente in scatole di cartone poste su pallet con involucro protettivo.
Per almeno 50 pezzi dello stesso codice, possibilità di imballo multiplo, senza singole scatole di cartone, con involucro protettivo e pluriball.

Technical characteristics:

- Bases in cast iron and iron:** Sandblasted and dripped cast iron fusions
Iron basements 8 and/or 10 mm thickness, laser cut in high definition
Iron basements can be produced in different shapes and geometries, upon request and with a technical drawing from customer
- Covers:** Chromed or golden (24 kt) iron
Polished or satin stainless steel
Polished or satin anodized aluminum
- Common features:** Epoxy powder painting treated at high temperatures
All bases are supplied with adjustable feet
Columns can have following finishes:
- painted iron
- chromed iron
- golden (24 kt) iron
- polished or satin stainless steel
- beech or oak solid wood
- cast iron
- aluminum
Assembling of different components is made with a threaded rod and a mounting kit.
- Packaging and delivery:** Bases are delivered taken to pieces, individually packed in carton boxes put on pallet with protective packaging.
For at least 50 pieces of the same code, possibility to request bases packed on pallet, without single carton box, with protective packaging and bubble wrap.

Caracteristiques techniques:

- Piètements en fonte et en fer:** Fusions en fonte sablé et ébarbé
Embase en fer épaisseur 8 et/ou 10 mm, coupé au laser à haute définition.
Les embases en fer peuvent être produites en formes et géométries différentes, sur demande spécifique du client accompagné d'un dessin technique
- Couvercles:** Fer chromé ou doré(24 kt)
Acier inox brillant ou brossé
Aluminium anodisé brillant ou brossé
- Conditions comunes:** Peinture époxy en poudre traité à haute température.
Tous les piètements sont fourni avec vérins de réglage.
Le colonnes peuvent être fournies dans les finitions suivantes:
- fer peint
- fer chromé
- fer doré (24 kt)
- acier inox brillant ou brossé
- bois de hêtre ou de rouvre massif
- fonte
- aluminium
L'assemblage des différentes pièces est fait à travers une tige fileté en acier et un kit de montage
- Emballage et livraison:** Les piètement sont livré démonté, emballés singulièrement dans des boites de carton, posé sur palette avec emballage de protection.
Pour au moins 50 pièces du même code, possibilité d'emballage en vrac sur palette, sans emballage individuel, avec protection et papier à bulles.

Caracteristicas tecnicas:

- Bases en fundicion y hierro:** Fusión en fundición directa. (humedición y chorro de arena)
Base en hierro con espesor de 8 y 10 mm, cortada a láser de alta definición.
Las bases de hierro pueden ser producidas con formas geométricas varias y según especificaciones técnicas del cliente.
- Coberturas:** Hierro cromado y/o dorado (24 kt)
Inox brillante o satinado
Aluminio anodizado, brillante o satinado
- Caracteristicas generales:** Cobertura con polvo epoxi tratada a alta temperatura.
Todas bases incluyen los soportes reguladores.
Las columnas pueden tener los siguientes acabados:
- hierro pintado
- hierro cromado
- hierro dorado (24kt)
- inox brillante o satinado (430 o 304)
- madera de haya o roble
- fundición
- aluminio
El embalaje de la columna lleva la barra roscada de hierro y un kit de montaje.
- Embalaje:** Las bases se entregan desmontadas, embaladas en caja de cartón duro y en palets con protectores.
Para pedidos de mínimo 50 unidades del mismo código se puede entregar a granel, sin caja de cartón y embaladas en palet con proteccion.
