Bellezza, tradizione e innovazione.

Vela è un'azienda italiana che produce tavoli, sedie, complementi d'arredo, sgabelli e poltrone, in metallo, legno e materiali plastici.

Grazie alla gestione diretta dell'intera filiera produttiva, dalla fase di progettazione allo sviluppo, dalla fusione del prodotto grezzo all'assistenza al cliente, Vela è in grado di offrire oggetti di arredo che uniscono il massimo della funzionalità con il meglio dello stile italiano.

Il principale punto di forza di Vela è di essere una realtà versatile che realizza internamente i propri articoli.

Questo le permette di offrire:

una totale personalizzazione del prodotto, con colori e dimensioni anche su misura; tempi di consegna di 2/3 settimane dall'ordine; prezzi estremamente concorrenziali senza compromessi sulla qualità.

Vela is a young dynamic 100% italian company that within a few years has managed to establish itself in the contract market on an international scale.

Thanks to the direct management of the entire production process, from planning to casting, through to customer care, Vela is able to offer table, bar stools and furniture which combine the maximum functionality with the best of italian design.

...and these are the main strengths of an enterprise that produces its articles in-house: a complete customization of the product with tailor-made sizes and colors; delivery time in 2/3 weeks from the order; no minimum order quantity; extremely competitive prices without compromising quality.

SG-Rod-S

A close-up photograph of a chair's seat and leg. The seat is upholstered in a textured, teal-colored fabric. The chair's frame is a dark, matte black material. A small, circular brass-colored metal fastener is visible on the side of the seat. The leg is a dark, cylindrical tube with a brass-colored metal cap at the bottom. The background is a plain, light-colored surface.
